

NOTES:

1. This assembly requires the use of an adaptor for either fiber optics or the Banner Mini-Beam. Use model VFT-SF.13TS for interfacing Mini-Beams directly to feed through. Both adaptors are packaged in pairs. To install, simply screw adaptors into flange and gently tighten with a wrench. DO NOT OVER TIGHTEN.
2. Viton o-rings (durometer 75 Shore A) and mounting hardware are supplied with this assembly.

NOTES:

1. ALL DIMENSIONS ARE MILLIMETERS [INCHES] UNLESS OTHERWISE NOTED.
2. REFER TO "www.bannerengineering.com" FOR ADDITIONAL DATA AND SPECIFICATIONS.
