

PRO-LINE® HT

Liquid paint marker
for high temperature resistance

The PRO-LINE® HT is a unique liquid paint marker engineered with industry-leading PrismaLock™ technology, which locks in colors for bright, bold marks that can withstand temperatures of up to 982°C (1,800°F). By using speciality pigments and resins, this fast-drying paint offers unparalleled durability and mark readability, with some colors retaining easily legible marks up to 1,204°C (2,200°F).

- Fast-drying, liquid paint marker for high temperature resistance
- Engineered with PrismaLock™ technology for long-lasting colors up to 982°C (1,800°F)
- Marking range: -46°C to 66°C (-50°F to 150°F)
- Maximum mark readability (no color):
 - White - 1,148°C (2,100°F)
 - Yellow - 1,148°C (2,100°F)
 - Black - 1,204°C (2,200 °F)
 - Blue - 1,093°C (2,000°F)
- Xylene-free paint reduces user health risks

Industry uses:

- Heat treating
- Annealing
- Metal production
- Metal fabrication
- Welding
- Glass production

Surfaces uses :

- Metals
- Glass
- Ceramics

Details:
