

Compact Metal Handheld Light

MCHH212

The *Energizer*® Compact Metal Light is a convenient, versatile solution that provides reliable illumination in virtually any situation. Featuring bright, long-lasting LED technology, users receive bright light that lasts hour after hour combined with Morse signal capability. With a convenient hanging hook and the ability to stand upright, this light provides for convenient, hands-free use. An impact-resistant metal construction makes it ideal for both indoor and outdoor tasks, all while powering with just two AA batteries.

Provides 40 Lumens of Light

Provides Run Time of 65 Hours
